

Care should be taken when manually closing and engaging the latch as the soft-close feature will automatically close the latch. Possible injury may occur.

To activate the soft-close feature, lower the luggage compartment lid or tailgate onto the latch. It will then automatically move to the fully closed and latched position.

## Roof luggage

Jaguar branded cross bars are required for fitting all roof carrying equipment. The roof load must not exceed 75 kg (165 lb).

## LUGGAGE ANCHOR POINTS

E134330

All items carried in the vehicle should be properly secured.

4 securing points are provided in the luggage area to assist in safely securing items.

Sportbrake models have moveable luggage anchor points. See **69, LUGGAGE DIVIDER**.

**Note:** A range of approved luggage retention accessories are available from your Dealer/ Authorised Repairer.

## LUGGAGE DIVIDER

For Sportbrake models, a luggage divider kit is provided to assist with safely securing items of luggage to the loadspace floor.

Floor mounted luggage rails provide a full width mounting channel that will accommodate a flexible retracting band and/or a solid telescopic divider to retain soft and hard luggage of all shapes and sizes.
