The diagram shows the open trunk of a vehicle. The floor is covered with a blue mat. A white arrow with three horizontal bars points downwards towards the center of the mat, indicating the correct placement for loading. In the top right corner, there is a small icon of an open book, likely representing the user manual.

35

Diagram 35 shows a 3D perspective view of the rear of the engine assembly. A blue hose is connected to the rear of the engine block. A black arrow points to the hose connection. A circular callout 'G' points to the hose connection.

36

The diagram shows a line drawing of an open carrying case. Inside the case, a laptop is positioned with its screen open. Below the laptop, a power supply unit is visible. The case has a handle on top and a latch on the front. To the right of the case is a warning symbol consisting of a triangle with an exclamation mark inside, enclosed in a square border.
