

Points of Interest (POI)

The Navigation System DVD contains information about a large number of points of interest (POI). There are many categories of POI, including petrol stations, restaurants, railway stations and hospitals.

This section explains how to select a specific POI. A selected POI can be set as a destination, or can be telephoned directly if the Jaguar telephone is fitted (see the In-Car Telephone Handbook).

Selecting a Quick POI Category

- Touch the Initial Map screen, then touch the **POI** button. The screen shows the six categories currently selected for quick points of interest.

Note: The **POI** button will not be active if the zoom level is below 1 km (½ mile).

- Select a Quick POI category.

The map screen is displayed with POI icons. See **POI Icon Display** on this page.

Other categories

You can also select from the complete list of POI categories.

- Touch **List Categories** and select a category from the list displayed.

Local POI search

This selects the points of interest in all categories within 32 kilometres (20 miles) of the vehicle.

- Touch the **All Local POI's** button.

POI Icon Display

After selecting a category, the map display shows the location of each POI in the selected category, indicated by the appropriate POI icon.

- For information about a particular POI, touch the desired POI icon. See **POI Information** on page 9-2.

Note: POI icons can only be displayed up to the 1 km (½ mile) zoom level.

Next button

If some POI locations are very close to one another, it may not be possible to select a particular icon to display the information.

- Touch **Next** (when active) to select one of the icons in a group and display its information. Repeat for the other icons as required.

9-2 Navigation System – Points of Interest

POI Information

After touching a POI icon, the name of the selected POI is displayed at the top of the screen.

POI details

- Touch **Info.** to display the details of the selected POI.

The details include Name, Address, Town and Telephone number.

The telephone number can be called by touching the telephone button (if a Jaguar telephone is fitted).

Destination entry

- From the POI icon map display, touch **Ent. Dest.** to store the POI location as a destination.

The destination details are displayed for confirmation of the address.

Changing the Categories

Any of the six categories can be changed from the Navigation Set Up menu, see **Changing the quick POI categories** on page 9-6.

Cancelling POI Icon Display

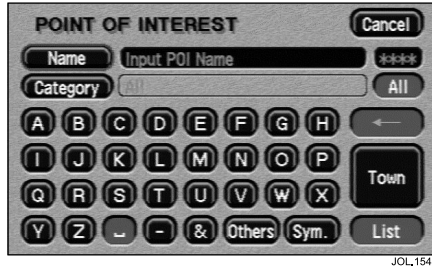

If the display of POI icons is no longer required, they can be turned off as follows:

- Touch the map screen to display the additional buttons.
- Touch **POI Off** to cancel the display of POI icons on the map.

Jaguar Dealership Locations

Details of Jaguar Dealerships are held on the Navigation System DVD as a points of interest (POI) category. Certain Dealers may be located in areas that are not fully mapped on the DVD. If a route is set to one of these Dealers, guidance will only be possible to the nearest town centre; a warning message will be displayed.

If Jaguar Dealerships (or certain other categories, such as airports) are selected, they will be displayed across all search areas.

Entry by POI Name

After selecting **Point of Interest** from the Destination Entry menu, the alpha keyboard screen is displayed, showing 'Input POI Name'.

- Enter the POI name required.
- Touch **List** to display the list of matching points of interest. See **POI List** on page 9-5.
- Select the POI required.

The map location of the POI is displayed.

Note: If entering a POI name results in too many matches being listed, try entering the town name first. If you do not know the name of the POI you want, try selecting a POI category.

These methods are described as follows:

Entry by Town

If a town name is entered first, the points of interest listed will be restricted to that town.

- From the Input POI Name screen, touch **Town**.

The screen now shows 'Input Town Name'.

- Enter the town name required.
- Touch **List** to display the list of possible towns.
- Select the town required.

The Input POI screen is displayed again.

- Enter the POI name required. See **Entry by POI Name** on this page.

Entry by Category

If a POI category is selected first, the points of interest listed will be restricted to that category.

- From the Input POI Name screen, touch **Category**.

The screen shows the list of main POI categories.

- Select the category required.

The screen now shows the list of sub-categories under the selected main category.

- Select the sub-category required.

The Input POI Name screen is displayed again.

- Enter the POI name required. See **Entry by POI Name** on this page.

9-4 Navigation System – Points of Interest

Other Selection Methods

The examples on the previous page show the three basic methods of searching the POI database, i.e. POI name only, town before POI name, and category before POI name. You can refine the search even further, as described in the following examples:

Town followed by category

In this example the order is: town, followed by category, then POI name.

- From the Input POI Name screen, touch **Town**.
- Enter the town name required. See **Entry by Town** on page 9-3.

The Input POI Name screen is displayed again.

- From the Input POI Name screen, touch **Category**.
- Select the category and sub-category required. See **Entry by Category** on page 9-3.

The Input POI Name screen is displayed again.

- Enter the POI name. See **Entry by POI Name** on page 9-3.

Category followed by town

In this example the order is: category, followed by town, then POI name.

- From the Input POI Name screen, touch **Category**.
- Select the category and sub-category required. See **Entry by Category** on page 9-3.

The Input POI Name screen is displayed again.

- From the Input POI Name screen, touch **Town**.

The screen now shows 'Input Town Name'.

- Enter the town name required. See **Entry by Town** on page 9-3.

The Input POI Name screen is displayed again.

- Enter the POI name required. See **Entry by POI Name** on page 9-3.

Town centres

The POI database also holds town centre locations. To select a town centre, proceed as follows:

- From the Input POI Name screen, enter the town name required in the **Name** text area. (Do not select the **Town** button.)
- Touch **List** to display the list of matches.
- For the town centre, select the entry showing the town name only.

The map is displayed showing the town centre location.

Note: In some cases, more than one town centre location may be listed.

POI List

The screen shows the list of points of interest found in the database search.

- Select the POI required.

Note: A number in the **POI** button indicates that more than one POI exists with the same name. Touch the button to list them and select the POI required.

The map showing the location of the selected POI is displayed.

Note: Some entries in the list may have a further sub-list following.

POI details

- To view the details of the selected POI, touch **Info.** from the map display.

The details include Name, Address, Town and Tel.

Telephone number – The telephone number can be called by touching the telephone button (if a Jaguar telephone is fitted).

List sorting

The list can be sorted by Name or Distance, but is always sorted by name when first displayed.

The illustration currently shows the list sorted by distance.

- Touch the **Name** button at the lower right-hand corner of the screen, to sort the list by name. This button toggles between the Name and Distance (**Dist.**) function depending on which list is displayed.

Note: When the list is sorted by distance, the distance shown is the straight line distance from the current vehicle location.

Categories/Sub-categories

The POI database is divided into a number of categories. Each main category is further divided into a number of sub-categories.

The first entry in the list of Restaurant sub-categories, is 'All'. This selects all of the Restaurant sub-categories.

To narrow the search, touch the **Town** button. This will display the alpha keyboard, to allow the desired town name to be entered.

Search area

When searching the database, only points of interest in the current search area are included, except for the sub-categories marked 'All search areas' in the POI category list.

9-6 Navigation System – Points of Interest

List

List button

The **List** button becomes active, when the characters entered reduce the possible entries to a small enough number. (The list is displayed automatically when the number of entries reduces to four or less.) You can also select **List** (when active) without entering a POI name. All the relevant points of interest will be displayed, e.g. in a selected town or category.

All

All button

The **All** button returns to searching all categories after selecting one category.

POI Entry Messages

While searching for points of interest, you may encounter one of the following messages:

1. 'There are no POI's in this Category.'
2. 'No POI's Found in this Town.'

Changing the quick POI categories

The six default Quick POI categories can be changed as required.

- At the Initial Map screen, touch **Nav Menu**.
- Touch **Navigation Set Up**.
- Select the POI category that you wish to replace.

The screen shows the full list of POI categories.

- Select the new category required from the list.

The screen shows the new selection of category icons.

- Repeat for another category icon if required.
- Touch **OK** to apply the new settings.

Memory Points

The procedure for using memory points is functionally the same as for using the Quick Points of Interest.

The use of Memory Points is described in detail, see **Memory Points** on page 10-2.

The map display shows the location of all stored memory points in view.

- For information about a particular memory point, touch the desired memory point icon.

After touching the memory point icon, the name of the selected memory point is displayed at the top of the screen.

Note: Unlike POI's, memory points are displayed at all zoom levels.

Memory point details

- Touch **Info.** to display the details of the selected memory point.

The details include Icon, Name, Position and Tel.

The telephone number can be called by touching the telephone button, if a Jaguar telephone is fitted.

The memory point details can be edited, see **Location Details** on page 10-2.

Cancelling Icon Display

If the display of Memory Point icons is no longer required, they can be turned off as follows:

- Touch the map screen to display the additional buttons.
- Touch **Nav Menu**.
- Touch **Display Options**.
- Touch **Map Options**.
- Touch **Memory Point Hide** to cancel the display of icons on the map.

JAGUAR
