REMOTE KEY FOB BATTERY REPLACEMENT

When the battery needs renewing, there will be a significant decrease in the effective range and the message **SMART KEY BATTERY LOW** is displayed in the message centre.

To replace the battery:

- Press the release button on the side of the Jaguar Smart Key and pull the key blade from the Smart Key.
- 2. Remove the two side covers, one at a time, by inserting a small flat-bladed screwdriver

- between the cover and body, then gently twist the screwdriver
- **3.** Insert the screwdriver between the two body halves and twist gently to separate.
- **4.** Remove the printed circuit board, taking care not to touch the battery terminals.
- Remove the old battery, then fit a new CR2032 type battery (available from your Dealer/Authorised Repairer), with the positive (+) side downwards.

Refit the parts in reverse order, ensuring they click securely into place.

Battery disposal: Used batteries must be disposed of correctly, as they contain harmful substances. Seek advice on disposal from your Dealer/Authorised Repairer and/or your local authority.
