

BEFORE STARTING OR DRIVING

⚠️WARNING

If the vehicle is involved in a collision it should be checked by a Dealer/Authorized repairer, or suitably qualified personnel, before starting or driving.

ROLLOVER BARS

⚠️WARNING

Do not try to reset the rollover protection device if it deploys.

If the rollover protection device (RPD) is activated, proceed to a Dealer/Authorized Repairer as soon as possible to have the vehicle checked and if required the RPD reset.
