## INCONTROL APPS

### WARNING

**In the interests of safety, operate, adjust, or view the system only when it is safe to do so.**

### WARNING

**Do not adjust the Touch screen controls, or allow the system to distract the driver, while the vehicle is moving. Driver distraction can lead to accidents, causing serious injury or death.**

InControl Apps allows you to view and operate approved Smartphone apps through the vehicle's Touch screen.

Before using InControl Apps, you will need to download the InControl Apps Smartphone App. For Apple's iPhone®, this can be downloaded from the Apple App Store<sup>SM</sup>. For android phones, this can be downloaded from Google Play.

**Note:** Not all Smartphones are compatible with InControl Apps. Check the list of compatible Smartphones and supported apps in the **Owners** section of [www.jaguarusa.com](http://www.jaguarusa.com).

**Note:** To establish a connection to the vehicle, the Smartphone must be unlocked and connected to the USB port.

**Note:** Make sure that all phone covers and cases are in the open position. Closed covers or cases may cause the phone to become locked and, therefore, prevent connection to InControl Apps.

**Note:** Before connecting to InControl Apps, it is recommended that your phone volume is turned up to the maximum setting.

InControl Apps icon.

To initiate InControl Apps, connect your Smartphone, using your Smartphone's USB cable, to the USB port located in the cubby box. The InControl Apps USB port is identified by the InControl Apps icon, as illustrated.

**Note:** iPhone users: When prompted by the phone, you must give permission to allow the app. to open.

**Note:** Android phone users: When prompted by the phone, you can give permission to always allow the app. to open.

Once connected, select **InControl Apps** from the Touch screen's **HOME** menu. You can navigate to the InControl Apps feature on your vehicle and any compatible apps will be displayed on the vehicle's Touch screen. You can now open and operate these apps using the vehicle's Touch screen.

**Note:** If the ignition or the engine is switched off, the **Bluetooth®** connection between the phone and the vehicle will be disconnected. To reconnect the phone to the vehicle via **Bluetooth**, see **128, PAIRING AND CONNECTING USING THE PHONE**.
