

In the event of a breakdown, press and release the button cover to reveal the button. The button will be illuminated by a white LED. Press the button for 2 seconds to make a direct call to Jaguar Assistance. Also, the vehicle's details and the location will automatically be supplied to them.

When a call is initiated, the button will flash amber and will be constantly illuminated amber during the call.

Push the button cover back into place after use.

Jaguar SOS Emergency Call

Located in the overhead console.
See **288, DRIVER CONTROLS**.

Note: The Jaguar SOS Emergency Call feature should only be used in the event of a severe accident, or in the event that personal safety or security is at risk.

Press and release the button cover to reveal the button. The button will be illuminated by a red LED. Press the button for 2 seconds to make a direct call to the emergency services. Also, the vehicle's details and the location will automatically be supplied to them.

When a call is initiated, the button will flash amber. The button will be constantly illuminated amber during a call.

Push the button cover back into place after use.

Note: In the event that a severe crash is detected, the Jaguar SOS Emergency Call will be automatically triggered.

Note: If the vehicle is travelling in a different country, the Jaguar SOS Emergency Call will still connect, however, the vehicle's location and the vehicle's details may not be automatically sent.

This feature has 2 backup batteries that will maintain full system operation, in the event that the vehicle's battery is disconnected or disabled.

Note: The backup batteries will be maintained as part of the vehicle's servicing schedule, as carried out by a Dealer/Authorised Repairer.

If a fault is detected with the Jaguar SOS Emergency Call system, then the **SOS Limited** message will be displayed in the Message centre. If this occurs, the vehicle can still be driven, but consult a Dealer/Authorised Repairer at the earliest opportunity.

INCONTROL REMOTE PREMIUM

The InControl Remote Premium Smartphone App has a number of extra features, in addition to the InControl Remote Essentials Smartphone App:

- A screen showing the status of the vehicle will display the **Beep & Flash** feature. Touch this icon to help locate the vehicle, by operating the vehicle's exterior lamps; a short audible horn alert will also sound.

Note: It is the responsibility of the driver to comply with all regulations in force, regarding the use of vehicle horns.

- The **Vehicle Security** screen will allow the vehicle to be locked/unlocked. This screen will also display the vehicle's alarm status. e.g., set or not set.

Note: Regardless of which screen is currently displayed, if the vehicle's alarm is sounding, then a pop-up screen will appear with an option to reset the alarm. The alarm may also be reset via the **Vehicle Security** screen.
