## USING VOICE CONTROL

Note: The Voice control system has been designed to recognise a number of languages. However, Jaguar cannot guarantee the system will be compatible with every accent group within those languages. Please speak to a Retailer/Authorised Repairer about testing the Voice control system for compatibility with a particular accent group.

*Note: The Voice control system will not operate, unless the SD card supplied with the vehicle is inserted correctly into the SD card slot. See **156, CONNECTING A MEDIA DEVICE**.*

E166148

To start a voice session, briefly press the voice button on the steering wheel. The **Teleprompter list** appears on the Touch screen. To cancel a voice session, press and hold the voice button.

Note: Briefly press the voice button during a voice session, to interrupt audible feedback. Wait for the tone to sound before giving the next command.

Teleprompter list: This list provides feedback and available commands for each stage of the voice session.

 Voice symbol: This indicates that a command is available. Wait for the symbol to appear and a tone to sound before saying a command.

Note: As the commands are listed before the system is ready to listen, it is important to wait for the voice symbol to appear, before saying a command.

Say **Cancel** (at any time) to cancel the current voice command.

Note: All feature items listed (that can be activated by the Voice control system) can also be activated by touching the relevant command list item on the Touch screen.

A list of the available features can be displayed by saying the voice command, **More Commands**. Alternatively, saying **All Commands** (or selection via the Touch Screen), will enable visual and audible instructions to be given in a default sequential order, starting with **Navigation Commands** and then followed by other available features.

The Voice control system will work with the user to display the feature lists individually. Say (or select) **Navigation Commands** or **Phone Commands**, then only the relevant commands for that feature will be read out and displayed.

NAVIGATION POI VOICE COMMANDS

To request the display of Points Of Interest (POIs), say **Find next** with one of the following POI categories:

- **Find next** (**Petrol station/Petrol**).
- **Find next** (**Parking/Car park**).
- **Find next** (**Jaguar [Retailer]**).
- **Find next** (**Hospital**).

Voice control

- **Find next** (**Golf course**).
- **Find next** (**Tourist information office**).
- **Find next** (**Restaurant**).
- **Find next** (**Shopping centre**).
- **Find next** (**Hotel/Motel**).
- **Find next** (say a Brand name) of the POI category.

*Note: The word **Find next** must be followed immediately by a category.*
