

Maintenance Service Record

Record of Dealer Service

The undersigned dealer certifies that on the date listed, this vehicle was serviced as per the maintenance schedule, and any conditions covered by a Jaguar warranty were repaired.

Services should be performed within 2,500 miles of the specified mileage. For example, the 10,000 mile service should be performed between 7,500 and 12,500 miles.

Should the vehicle have a high proportion of short journeys or operate in severe conditions, Jaguar Cars recommends that the maintenance procedures scheduled at 10,000-mile intervals be performed at intervals not to exceed 6 months.

It is perfectly normal for the vehicle to consume some engine oil during normal use. It is the owner's responsibility to ensure that the engine oil is maintained at the proper level in between the scheduled maintenance intervals. Additionally, more frequent checks of under hood fluids and tire pressures can help minimize your chance of being inconvenienced while on the road, and may extend the life of certain wear and tear components. Jaguar dealers offer supplemental maintenance services as a convenience to those owners who do not wish to perform these services themselves.
